Maybe even better than free.

Unfortunately, we can't make that part free. You decide who you want to share your files with. Any file in any format can be uploaded and downloaded forfree. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Keep your files private, or send your download links only tofriends or family. We have no file size limit. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is beingtransferred between your computer or phone and our servers, then from our servers to your friends device. There are no restrictions on the number of times afile can be downloaded. Files can be downloaded from any computer from our high speed servers. File is free to use with no gotchas and no hidden fees. Thecost of that data transfer is covered by your internet service or the data plan on your phone. You can upload any type of file (movies, music, documents, images,zip files and more). It is also allowed to link to the download page from websites and communities. Simply upload your file and share the link. Using file, youcan circumvent those limits without paying to upgrade your team chat service. No account or credit card is required to get started. So try our free and simple filehosting service now. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You don't need any special software installed to be able to download your files. Just upload the file you want to share with your friends and we send you a download link to your file share installed to be able to download your files. Just upload the file you want to share with your friends and we send you a adownload link to your friends by mail or instant messenger. fileho
