Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). Using file, you can circumvent those limits without paying to upgrade your team chat service. Our service is completely free for everyone. It is also allowed to link to the download page from websites and communities. This iseasy, fast and reliable filehosting! You don't need any kind of premium-accounts. filehosting provides an easy possibility for you to send large files to yourfriends. Alternatively you can choose to share your download links on blogs, forums and social networking sites. The cost of that data transfer is covered byyour internet service or the data plan on your phone. Files can be downloaded from any computer from our high speed servers. So try our free and simplefilehosting service now. Just upload the file you want to share with your friends and we send you a download link to your file. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Unfortunately, we can't make that part free. Yourwallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and ourservers, then from our servers to your friends device. Keep your files private, or send your download links only to friends or family. You decide who you wantto share your files with. Simply upload your file and share the link. You don't need any special software installed to be able to download your files. Any file inany format can be uploaded and downloaded for free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You cangive this download link to your friends by mail or instant messenger. If only we could, we surely would! On the other hand, using file can actually save youmoney. No account or credit card is required to get started. File is free to use with no gotchas and no hidden fees. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. We have no file sizelimit. There are no restrictions on the number of times a file can be downloaded.
